

## **Board Candidates**

**Ken Lindeman** - Kathy and I have been residents of Esperanza Estates since 2014. We became full time residents this July when we sold our home in Colorado. During our time in Colorado, I served on the HOA board for 10 years as secretary/treasurer; Road committee board for 8 years and the Water committee board for 9 years. I have served as secretary of the HOA Board this year when I was recruited to fill a position vacated at the last annual meeting. Since I filled a position with one year remaining, I have the privilege of running again this year. I really feel obligated to serve a community that gives freely of friendship and generosity. I have never been part of a community that volunteers so liberally to make an exciting environment for everyone in the neighborhood. Esperanza Estates does this. I would like to continue as a volunteer on the HOA Board with your votes. My ambition is to continue to work at making this community an exciting and friendly place to live while retaining the structure of our environment.

**Dean Lockwood** - My wife, Robin, and I have been owners in Esperanza Estates since 2005 and this is our third full Winter season here. We spend the other six months in Ortonville, Minnesota. I am running for the EE Board because I would like to help keep this neighborhood great and hopefully make it an even better place to live. Robin and I have been volunteering on both the Hospitality and Enhancement Committees, and have also helped lead afternoon Water Aerobics the last few seasons. I am active in the Green Valley Optimist Club, helping raise money for local kids. I love playing Pickleball, and Robin and I are looking forward to being part of the local hiking group. We frequently volunteer at Crossroads Mission in Nogales, Arizona. I served on the board of the Minnesota MS Society for 5 years in several positions including Treasurer. I held several positions on the

board of the Minneapolis Viking Chapter of the National Association of Accountants including Newsletter Editor, Special Events Coordinator and President. I retired in 2017 from a 37 year career in various positions in accounting and financial management. I have a Bachelors Degree in accounting, a C.M.A. and a Six Sigma certification in Process Excellence. My goal is to bring a spirit of cooperation, helpfulness and analytical thinking, and to promote community involvement to help Esperanza Estates stay one of the premier neighborhoods in Green Valley.

**Hugh Rhine** - My wife and I purchased our home in EE early in July of this year after living in the Denver area for the past 30+ years. As a newcomer to this subdivision I look forward to learning more about why EE was so highly recommended to as the "Best and most friendly HOA" in Green Valley. Our experience since being here supports that opinion. My thinking is that serving on the board should be a good way to meet and get to know others in this community. Hopefully, putting myself forward as a candidate is a first step in being supportive of the openness we have received here. In so far as my suitability for this task is concerned, My work background is largely in Finance and Operations Management. I retired from AMERICAN MEDICAL RESPONSE (AMR) in 2012. I have also served in leadership positions in our church, United Way and Chamber of Commerce. Anyone interested in more info on my background can look me up on LinkedIn, although my info there has not been updated since I retired. Douglas Syme - I was born in Dublin Ireland in 1950. After graduating with a degree in Mechanical Engineering from Trinity College I worked in that field in Europe for 10 years. I have also been an avid rugby player and referee. After migrating to the US for my work in (Continued from page 1) (Continued on page 3) 1983 with my

wife of 46 years, Linda, and our three children I became a US Citizen and continued my engineering design and maintenance career in New Jersey and the surrounding area. A significant portion of my responsibilities involved swimming pool equipment and maintenance. I retired and we moved to Esperanza Estates as full time residents on Circulo Napa in 2016. Since arriving I have continued my interest in rugby. I have also become a member of the Good Shepherd United Church of Christ where I sing in the choir and make deliveries for the Sahuarita Food Bank. Linda and I have come to enjoy the life as full-time EE residents and I would welcome the opportunity to contribute to our neighborhood by serving on the EE Board.

**Howland Swift** - My wife, Robbi, and I first came to Green Valley 15 or more years ago and bought our place on Regalo in January 2014. I attended Williams College, earned a BS from Cornell and a MBA from UCLA. I've had three careers: first in the hotel, restaurant, & club management business, then as a real estate developer and finally as a college and university fund raiser and then fund raising consultant to NPOs. I'm on the board of the Greater Green Valley Community Foundation among several others and look forward to serving our HOA in all ways possible.
